DETAILED ACTION

Response to Arguments

1. Applicant's arguments filed 12/23/04 have been fully considered and are deemed persuasive. Applicant has canceled appropriate claims to render the previous double patenting rejection moot. Applicant has also incorporated previous indicated allowable material from a dependent claim into rejected independent claim 35. Since claims 20-34 are already in condition for allowance, the application as a whole is now in condition for allowance.

Allowable Subject Matter

2. Claims 20-41, 43-46, and 48-51 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding the claims, the examiner is in agreement with applicant as to the reasons for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
